

## Vitalize: Giving Life to God's Dream for Our Community

Vitalize is a two-year, \$500,000 stewardship campaign for capital improvements. The goal is lofty, but the results will bring exciting new energy to our church.

We feel that God is calling our church to this new phase of its life.

**How is God calling you to Vitalize your spiritual life, as well as that of your church, through your participation in these visionary ministries?**

---

### THE AWNING PROJECT

The awning extending from Lee Street to the main doors off the back parking lot will serve myriad purposes. It will visually guide guests to the proper entrance to the church amidst what can sometimes seem a confusing façade. In inclement weather it will provide cover for an extended stretch of the walk to the church entrance. And, it will literally and figuratively say WELCOME as we want to extend our hospitality into the outdoor space for all to see.

The cost of the awning project is approximately \$19,600.
